The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Wastewater Treatment Facility Improvement Project as a community project in Fiscal Year 2027.

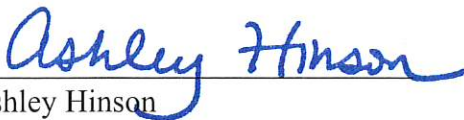

The entity to receive funding for this project is the City of Luana, located at 304 West Main Street, Luana, IA 52156. This project would take place in the northwest quadrant in the City of Luana, IA 52156.

This funding would be used to expand the city's wastewater treatment facility into a three-cell lagoon system. Specifically, this project will support rerouting current streams, protect groundwater, and comply with environmental standards. This project is an appropriate use of taxpayer funds because it will provide necessary improvements to the city's existing infrastructure, prevent potential public health concerns as a result of the current aging infrastructure, and support future community growth.

The project has a federal nexus because the funding provided is for purposes authorized by Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Ashley Hinson
Member of Congress
Committee on Appropriations
